

CONVENTION 2022

What to Wear

A wardrobe guide for convention attendees

Overview

National Convention is a chance for members to participate in personal and professional development, sorority business, sisterhood activities, and the awards gala. In line with our core value of diversity and inclusion, we want our members to feel welcomed as they are. This means that all events at convention are a judgment-free zone, and we want to ensure our members do not feel pressure to purchase all new clothing solely for the purpose of convention. What follows is a basic guide for what you may want to consider when preparing and packing for convention.

Activities

Pack comfortable and more casual clothing to wear during activities such as the service project, rodeo, line dancing, game night, and free time. Jeans, shorts, t-shirts, dresses, etc. are all appropriate for these events. We encourage members to wear the convention t-shirt or other OPhiA merchandise during the service project on Thursday morning. If you plan to use the hotel fitness center or pool, don't forget to pack activewear and swimwear!

Business and Breakout Sessions

We request that members consider business casual attire for all business sessions, breakouts, and keynote speakers. Business casual allows for a wide range of clothing including slacks, suit separates, polo shirts, blouses, skirts, dresses, etc.

Awards Gala

On Saturday evening, we will celebrate the past few years of Omega Phi Alpha and present this year's award recipients. We want you to feel great in your outfit - whether that's a nice top and slacks, a simple dress, a suit, or a ballgown.
